DESTINATÁRIO:

Ex.mo (a) Sr. (a). Presidente
**MESA DIRETORA da Câmara Municipal
de Teresina - CMT**

Ex.mo (a) Senhor (a) Presidente,

Nos termos regimentais e após a devida tramitação em Plenário, **requeiro** a Vossa Excelência que seja realizada **Audiência Pública**, no âmbito desta Câmara Municipal de Teresina, com o objetivo de debater o **Sistema de Policiamento por Inteligência Artificial (SPIA)**, recentemente implementado pelo Governo do Estado do Piauí em Teresina.

JUSTIFICATIVA

A proposta do **Sistema de Policiamento por Inteligência Artificial (SPIA)** consiste na implementação de uma rede de 629 postes inteligentes instalados em Teresina e Parnaíba, equipados com mais de 1.200 câmeras de alta resolução, capazes de realizar reconhecimento facial, leitura automática de placas, visão infravermelha para uso noturno, detecção de comportamentos suspeitos, entre outras funcionalidades.

Todas as imagens deverão ser processadas em tempo real por um supercomputador operado pela Escola Técnica do Instituto de Polícia (ETIP), integrando-se com bancos de dados policiais, prometendo agilizar identificação de pessoas com mandado de prisão, veículos roubados e possíveis situações de risco.

Além disso, serão instalados 16 **totens de** emergência, com botão de pânico e câmeras speed-dome, com a promessa **de** permissão para que os cidadãos acionem diretamente as autoridades policiais.

Neste sentido, **a população de Teresina tem legítimo interesse em**

compreender:

- a) **Como o sistema funciona**, suas tecnologias e arquitetura de integração;
- b) **Quem será responsável** por cada etapa: captação, armazenamento, análise e resposta;
- c) **Segurança e privacidade dos dados**, inclusive tempo de retenção (previsto até 90 dias), criptografia, acesso, e política de uso;
- d) **Compartilhamento entre entes**: Secretaria de Segurança Pública Estadual, Guarda Municipal, Polícia Civil, Militar, Polícia Rodoviária Federal e outros órgãos;
- e) **Parceria com sistema privado** (escolas, shoppings, hospitais), assim como regulamentação e critérios para esse intercâmbio;
- f) Regulação por **legislação estadual ou federal**, observância à LGPD e garantias constitucionais;
- g) **Experiências nacionais e internacionais** com sistemas IA semelhantes (impactos práticos já observados em outros municípios brasileiros e internacionais que adotaram tecnologia semelhante);
- h) **Transparência ativa** no portal da SSP e Câmara municipal quanto à localização das câmeras, acesso aos dados e relatórios de uso;
- i) **Mecanismo de denúncia on-line** para eventuais abusos ou vazamentos;
- j) **Capacitação e regras de conduta** para operadores, inclusive restrições e treinamentos para reconhecimento automatizado;
- k) **Indicadores de eficácia**, como redução de criminalidade, recuperação de veículos e tempo de resposta policial;
- l) **Limites legais** para uso em fins distintos dos previstos (como controle sanitário ou multas de trânsito);

- m) **Auditoria e fiscalização dos mecanismos de controle**, transparência e acesso à informação — tais como relatórios de uso, indicadores de resultados, eventuais falhas ou abusos.

CONVIDADOS PROPOSTOS:

- I) **Secretário de Segurança Pública do Estado do Piauí**, Sr. Chico Lucas;
- II) **Secretário Municipal de Segurança Pública de Teresina**, Coronel Wagner Torres;
- III) **Presidente da Comissão de Segurança Pública da Câmara**, Delegado James Guerra;
- IV) **Diretor da Polícia Rodoviária Federal no Piauí**;
- V) Representante da ETIP ou equipe técnica do sistema.

Contando com a aprovação desta Casa, bem como aguardamos a definição do local; data; e horário para a realização do evento, justifica-se a realização de audiência pública para garantir ampla discussão, segurança jurídica e cidadã no uso de modernas tecnologias na segurança pública da capital.

Camara Municipal de Teresina (PI), ____ de julho de 2025.

Pedro Alcântara Carvalho do Nascimento
Vereador em Teresina

• **Stressors** are the environmental factors that cause stress. They are the external events or conditions that trigger the stress response. Examples include work pressure, financial problems, family issues, and health concerns.

1. The first group of people who are likely to be affected by the proposed project are the local residents who live in the vicinity of the project site. These residents may be affected by the project in a number of ways, including increased traffic, noise, and air pollution. It is important to identify these potential impacts and develop measures to mitigate them.

1. The first group of variables, *demographics*, includes age, sex, and marital status. The second group, *education*, includes years of schooling, high school graduation, and college graduation. The third group, *employment*, includes employment status, occupation, and industry. The fourth group, *income*, includes household income and personal income. The fifth group, *health*, includes self-rated health, physical health, and mental health. The sixth group, *social capital*, includes social network, social support, and social participation. The seventh group, *quality of life*, includes life satisfaction, health-related quality of life, and overall quality of life. The eighth group, *well-being*, includes happiness, life satisfaction, and overall well-being. The ninth group, *life expectancy*, includes life expectancy at birth, life expectancy at age 65, and life expectancy at age 80. The tenth group, *healthcare utilization*, includes hospitalization, doctor visits, and healthcare costs. The eleventh group, *healthcare access*, includes access to healthcare, access to transportation, and access to social services. The twelfth group, *healthcare quality*, includes quality of care, quality of service, and quality of environment. The thirteenth group, *healthcare equity*, includes equity of access, equity of distribution, and equity of outcomes. The fourteenth group, *healthcare sustainability*, includes sustainability of resources, sustainability of services, and sustainability of outcomes. The fifteenth group, *healthcare innovation*, includes innovation in care, innovation in service, and innovation in technology. The sixteenth group, *healthcare leadership*, includes leadership in care, leadership in service, and leadership in technology. The seventeenth group, *healthcare governance*, includes governance of care, governance of service, and governance of technology. The eighteenth group, *healthcare regulation*, includes regulation of care, regulation of service, and regulation of technology. The nineteenth group, *healthcare monitoring*, includes monitoring of care, monitoring of service, and monitoring of technology. The twentieth group, *healthcare evaluation*, includes evaluation of care, evaluation of service, and evaluation of technology. The twenty-first group, *healthcare improvement*, includes improvement in care, improvement in service, and improvement in technology. The twenty-second group, *healthcare research*, includes research in care, research in service, and research in technology. The twenty-third group, *healthcare education*, includes education in care, education in service, and education in technology. The twenty-fourth group, *healthcare training*, includes training in care, training in service, and training in technology. The twenty-fifth group, *healthcare certification*, includes certification in care, certification in service, and certification in technology. The twenty-sixth group, *healthcare accreditation*, includes accreditation in care, accreditation in service, and accreditation in technology. The twenty-seventh group, *healthcare standards*, includes standards in care, standards in service, and standards in technology. The twenty-eighth group, *healthcare best practices*, includes best practices in care, best practices in service, and best practices in technology. The twenty-ninth group, *healthcare evidence-based practice*, includes evidence-based practice in care, evidence-based practice in service, and evidence-based practice in technology. The thirtieth group, *healthcare patient-centered care*, includes patient-centered care in care, patient-centered care in service, and patient-centered care in technology. The thirty-first group, *healthcare family-centered care*, includes family-centered care in care, family-centered care in service, and family-centered care in technology. The thirty-second group, *healthcare community-centered care*, includes community-centered care in care, community-centered care in service, and community-centered care in technology. The thirty-third group, *healthcare cultural competence*, includes cultural competence in care, cultural competence in service, and cultural competence in technology. The thirty-fourth group, *healthcare diversity and inclusion*, includes diversity and inclusion in care, diversity and inclusion in service, and diversity and inclusion in technology. The thirty-fifth group, *healthcare social justice*, includes social justice in care, social justice in service, and social justice in technology. The thirty-sixth group, *healthcare human rights*, includes human rights in care, human rights in service, and human rights in technology. The thirty-seventh group, *healthcare ethics*, includes ethics in care, ethics in service, and ethics in technology. The thirty-eighth group, *healthcare law*, includes law in care, law in service, and law in technology. The thirty-ninth group, *healthcare policy*, includes policy in care, policy in service, and policy in technology. The fortieth group, *healthcare legislation*, includes legislation in care, legislation in service, and legislation in technology. The forty-first group, *healthcare regulation*, includes regulation in care, regulation in service, and regulation in technology. The forty-second group, *healthcare monitoring*, includes monitoring in care, monitoring in service, and monitoring in technology. The forty-third group, *healthcare evaluation*, includes evaluation in care, evaluation in service, and evaluation in technology. The forty-fourth group, *healthcare improvement*, includes improvement in care, improvement in service, and improvement in technology. The forty-fifth group, *healthcare research*, includes research in care, research in service, and research in technology. The forty-sixth group, *healthcare education*, includes education in care, education in service, and education in technology. The forty-seventh group, *healthcare training*, includes training in care, training in service, and training in technology. The forty-eighth group, *healthcare certification*, includes certification in care, certification in service, and certification in technology. The forty-ninth group, *healthcare accreditation*, includes accreditation in care, accreditation in service, and accreditation in technology. The fiftieth group, *healthcare standards*, includes standards in care, standards in service, and standards in technology. The fifty-first group, *healthcare best practices*, includes best practices in care, best practices in service, and best practices in technology. The fifty-second group, *healthcare evidence-based practice*, includes evidence-based practice in care, evidence-based practice in service, and evidence-based practice in technology. The fifty-third group, *healthcare patient-centered care*, includes patient-centered care in care, patient-centered care in service, and patient-centered care in technology. The fifty-fourth group, *healthcare family-centered care*, includes family-centered care in care, family-centered care in service, and family-centered care in technology. The fifty-fifth group, *healthcare community-centered care*, includes community-centered care in care, community-centered care in service, and community-centered care in technology. The fifty-sixth group, *healthcare cultural competence*, includes cultural competence in care, cultural competence in service, and cultural competence in technology. The fifty-seventh group, *healthcare diversity and inclusion*, includes diversity and inclusion in care, diversity and inclusion in service, and diversity and inclusion in technology. The fifty-eighth group, *healthcare social justice*, includes social justice in care, social justice in service, and social justice in technology. The fifty-ninth group, *healthcare human rights*, includes human rights in care, human rights in service, and human rights in technology. The sixtieth group, *healthcare ethics*, includes ethics in care, ethics in service, and ethics in technology. The sixty-first group, *healthcare law*, includes law in care, law in service, and law in technology. The sixty-second group, *healthcare policy*, includes policy in care, policy in service, and policy in technology. The sixty-third group, *healthcare legislation*, includes legislation in care, legislation in service, and legislation in technology. The sixty-fourth group, *healthcare regulation*, includes regulation in care, regulation in service, and regulation in technology. The sixty-fifth group, *healthcare monitoring*, includes monitoring in care, monitoring in service, and monitoring in technology. The sixty-sixth group, *healthcare evaluation*, includes evaluation in care, evaluation in service, and evaluation in technology. The sixty-seventh group, *healthcare improvement*, includes improvement in care, improvement in service, and improvement in technology. The sixty-eighth group, *healthcare research*, includes research in care, research in service, and research in technology. The sixty-ninth group, *healthcare education*, includes education in care, education in service, and education in technology. The seventieth group, *healthcare training*, includes training in care, training in service, and training in technology. The seventy-first group, *healthcare certification*, includes certification in care, certification in service, and certification in technology. The seventy-second group, *healthcare accreditation*, includes accreditation in care, accreditation in service, and accreditation in technology. The seventy-third group, *healthcare standards*, includes standards in care, standards in service, and standards in technology. The seventy-fourth group, *healthcare best practices*, includes best practices in care, best practices in service, and best practices in technology. The seventy-fifth group, *healthcare evidence-based practice*, includes evidence-based practice in care, evidence-based practice in service, and evidence-based practice in technology. The seventy-sixth group, *healthcare patient-centered care*, includes patient-centered care in care, patient-centered care in service, and patient-centered care in technology. The seventy-seventh group, *healthcare family-centered care*, includes family-centered care in care, family-centered care in service, and family-centered care in technology. The seventy-eighth group, *healthcare community-centered care*, includes community-centered care in care, community-centered care in service, and community-centered care in technology. The seventy-ninth group, *healthcare cultural competence*, includes cultural competence in care, cultural competence in service, and cultural competence in technology. The eightieth group, *healthcare diversity and inclusion*, includes diversity and inclusion in care, diversity and inclusion in service, and diversity and inclusion in technology. The eighty-first group, *healthcare social justice*, includes social justice in care, social justice in service, and social justice in technology. The eighty-second group, *healthcare human rights*, includes human rights in care, human rights in service, and human rights in technology. The eighty-third group, *healthcare ethics*, includes ethics in care, ethics in service, and ethics in technology. The eighty-fourth group, *healthcare law*, includes law in care, law in service, and law in technology. The eighty-fifth group, *healthcare policy*, includes policy in care, policy in service, and policy in technology. The eighty-sixth group, *healthcare legislation*, includes legislation in care, legislation in service, and legislation in technology. The eighty-seventh group, *healthcare regulation*, includes regulation in care, regulation in service, and regulation in technology. The eighty-eighth group, *healthcare monitoring*, includes monitoring in care, monitoring in service, and monitoring in technology. The eighty-ninth group, *healthcare evaluation*, includes evaluation in care, evaluation in service, and evaluation in technology. The ninetieth group, *healthcare improvement*, includes improvement in care, improvement in service, and improvement in technology. The ninety-first group, *healthcare research*, includes research in care, research in service, and research in technology. The ninety-second group, *healthcare education*, includes education in care, education in service, and education in technology. The ninety-third group, *healthcare training*, includes training in care, training in service, and training in technology. The ninety-fourth group, *healthcare certification*, includes certification in care, certification in service, and certification in technology. The ninety-fifth group, *healthcare accreditation*, includes accreditation in care, accreditation in service, and accreditation in technology. The ninety-sixth group, *healthcare standards*, includes standards in care, standards in service, and standards in technology. The ninety-seventh group, *healthcare best practices*, includes best practices in care, best practices in service, and best practices in technology. The ninety-eighth group, *healthcare evidence-based practice*, includes evidence-based practice in care, evidence-based practice in service, and evidence-based practice in technology. The ninety-ninth group, *healthcare patient-centered care*, includes patient-centered care in care, patient-centered care in service, and patient-centered care in technology. The hundredth group, *healthcare family-centered care*, includes family-centered care in care, family-centered care in service, and family-centered care in technology.
